Tuesday, March 5th, 6-7:30pm  
Center for Architecture and Design  
140 Sutter Street  
San Francisco CA, 94104

**IRENE CHENG**

CCA/Cheng+Snyder

**NEERAJ BHATIA**

CCA/The Open Workshop

**JAMES GRAHAM**

CCA

Can architecture help address issues such as economic inequality and climate change through reshaping society and fostering collectivity? In this event, Irene Cheng and Neeraj Bhatia will present their respective books, *The Shape of Utopia* and *New Investigations in Collective Form*, which each unpack issues related to how people gather and form a collective set of agendas to produce an alternative vision of how we can live. After their presentations they will be joined in conversation by James Graham.
